

LEAH QUIN

BES, PLANNER

Leah is a graduate from the University of Waterloo with a specialization in Environmental Planning and Management.

She has experience in the public sector undertaking policy research and analysis, as well as Official Plan Reviews, Zoning By-law Amendments, Minor Variances, development application reviews, and public consultation processes.

She has supported implementation of municipal and regional active transportation master plans and has experience in heritage and cultural planning. She also has a background in implementing and evaluating watershed-based policies in the Great Lakes basin.
